Expectant Moms Group,
Pro-Life Apostolate,
Youth Apostolates and
Adoption Support Group.**

We provide time-critical intervention for women considering abortion by providing a non-invasive ultrasound. This free service enables them to see the heartbeat and encounter the humanity of their developing child, and hopefully continue their pregnancy. The mobile center will bring compassionate, pro-life counseling and ultrasound technology to colleges, universities, abortion facilities and pregnancy resource centers.

“Upon seeing a baby on an ultrasound, a majority of women change their minds and make the decision to give life to her unborn child.” ***- Angela Clark, www.abestchoice.us***

Baby bottles will be distributed after all Masses on September 30th and October 1st, 2017. Take one to fill with your change, bills or a check. (Please make checks payable to A Best Choice Mobile Ultrasound).

**Please return the filled bottles no later than the weekend of
October 7-8, 2017. Your donation could save the life of an
unborn child. Thank you.**
